

The background of the poster is a vibrant cosmic scene. It features a central soccer ball with a cracked, metallic texture, glowing with a bright blue and white light. Surrounding the ball are various celestial bodies: a large orange planet with rings in the top left, a blue planet with rings in the middle left, a small blue planet in the middle right, a large orange planet in the bottom right, and a small blue planet in the bottom left. The background is filled with stars, nebulae in shades of blue and purple, and a bright orange ring of light or comet trail passing behind the soccer ball.
